**24-1 Title**

Chapter 24 of the Butte County Code shall be known and officially cited as the “Zoning Ordinance of Butte County, California” and referred to in this title as “the Zoning Ordinance.”

**24-2 Purpose of the Zoning Ordinance**

**A. General.** The Zoning Ordinance is adopted to implement the Butte County General Plan and to protect and promote the health, safety, and welfare of Butte County residents.

**B. Specific.** The Zoning Ordinance is intended to:

1. Preserve, protect, and enhance the fundamentally rural character of Butte County.
2. Protect agricultural lands and associated industries as an important aspect of Butte County’s economy.
3. Protect sensitive environmental resources, including conservation areas, habitat for special-status species, and wetlands.
4. Protect the county’s water resources.
5. Promote an environmentally sustainable pattern of development.
6. Promote economic growth and the creation of jobs for Butte County residents.
7. Allow for residential, commercial, and industrial growth in a manner consistent with Butte County’s rural character.
8. Preserve the quality of life and character of existing residential neighborhoods.
9. Protect the public from hazards associated with natural and man-made disasters, including airport-related hazards.
10. Promote and support an efficient multi-modal transportation system.
11. Allow for public services and facilities to adequately serve the county population.
12. Allow for public participation in government decision-making regarding land use and development in a manner consistent with State law.

### 24-3 Relationship to the General Plan

The Zoning Ordinance implements the goals and policies of the Butte County General Plan by regulating the uses of land and structures within the county. The Zoning Ordinance and the General Plan shall be consistent with one another. If there are inconsistencies between the Zoning Ordinance and the General Plan, the General Plan governs.

### 24-4 Responsibility for Administration

The Zoning Ordinance shall be administered by the Butte County Board of Supervisors, the Planning Commission, the Zoning Administrator, and the Department of Development Services as established in Article 36 (Administrative Responsibility).

### 24-5 Applicability of Zoning Ordinance

- A. **Applicability to Property.** The Zoning Ordinance applies to all land, uses, and structures within unincorporated areas under Butte County jurisdiction.
- B. **Compliance with Regulations.** No land shall be used and no structures built or occupied except in accordance with the provisions of the Zoning Ordinance.
- C. **Conflicting Regulations.** Where conflict occurs with other County regulations or with State or federal laws, higher law shall control over lower law unless local variation is permitted. Where conflicting laws are of equal stature, the more restrictive provision shall control unless otherwise specified in the Zoning Ordinance or in State or federal law.
- D. **Private Agreements.** The Zoning Ordinance is not intended to interfere with, repeal, abrogate, or annul any easement; covenant; deed restriction; Covenants, Conditions, and Restrictions (CC&Rs); or other agreement between private parties. Where conflict occurs between the Zoning Ordinance and a private agreement, the County shall follow the Zoning Ordinance. Butte County shall not be responsible for monitoring or enforcing private agreements.
- E. **Conditional Zoning.** The Zoning Ordinance shall not interfere with, repeal, abrogate, or annul any Conditional Zoning Agreement established between the County and an applicant prior to the effective date of the Zoning Ordinance.
- F. **Enforcement.** The Zoning Ordinance shall be enforced in the manner determined to be the most appropriate, which may include, but not be limited to, the procedures as established in Butte County Code Section 1-7 (General Penalty, Continuing Violations) and Chapters 32A (Abatement of Public Nuisances) and 41 (Code Enforcement Policies and Procedures), as well as any other procedures available in State or federal law.

**Sections:**

- 24-6 – Purpose
- 24-7 – Authority
- 24-8 – Rules of Interpretation
- 24-9 – Procedures for Interpretation

**24-6 Purpose**

This article establishes rules and procedures for interpreting the Zoning Ordinance to ensure the consistent application and enforcement of the Ordinance.

**24-7 Authority**

The Zoning Administrator is delegated the responsibility and authority to interpret the meaning and applicability of all provisions in the Zoning Ordinance by the Board of Supervisors.

**24-8 Rules of Interpretation**

- A. General Rules.** The following general rules apply to the interpretation and application of the Zoning Ordinance.
1. The specific controls over the general.
  2. Where there is a conflict between text and any figure, illustration, graphic, heading, map, table, or caption, the text governs.
  3. The words “shall,” “will,” “is to,” and “are to” are mandatory. “Should” means a regulation that is not mandatory, but must be either fulfilled or the applicant must demonstrate an alternative that fulfills the intent of the regulation. “May” is permissive.
  4. The following conjunctions are interpreted as follows:
    - a. “And” means that all items or provisions so connected apply.
    - b. “Or” means that all items or provisions so connected apply singularly or in any combination.
    - c. “Either . . . or” means that one of the items or provisions so connected apply singularly, but not in combination.
  5. All officials, bodies, agencies, ordinances, policies, and regulations referred to in the Zoning Ordinance are those of Butte County unless otherwise noted.
- B. Calendar Days.** Numbers of days specified in the Zoning Ordinance are construed as continuous calendar days. Where the last of a number of days falls on a holiday or weekend, time limits specified in the Zoning Ordinance are extended to the following working day.
- C. Unlisted Land Uses.** If a proposed land use is not specifically listed in the Zoning Ordinance, the use is not permitted except as follows:

1. The Zoning Administrator may determine that an unlisted proposed use is equivalent to a permitted listed use and is permitted if all of the following findings can be made:
  - a. The use is no greater in density or intensity than other uses in the applicable zone.
  - b. The use is compatible with permitted uses in the applicable zone.
  - c. The use will meet the purpose of the applicable zone.
  - d. The use is consistent with the goals and policies of the General Plan.
  - e. The use will not be detrimental to the public health, safety or welfare.
2. When the Zoning Administrator determines that a proposed use is equivalent to a permitted listed use, the proposed use shall be treated in the same manner as the listed use with respect to development standards, permits required, and all applicable requirements of the Zoning Ordinance.
3. Determinations shall be made and recorded in a manner consistent with Section 24-9 (Procedures for Interpretation).

Deleted: and intent

**D. Zoning Map Boundaries.** If there is uncertainty about the location of any zone boundary or other line of the Zoning Map as determined by the Zoning Administrator, the following rules apply:

1. Zone boundaries shown as approximately following the property line of a parcel shall be construed to follow the property line.
2. Zone boundaries shown as following roads or other rights-of-way shall be construed to follow the centerline of the roads or right-of-way.

**E. Parcels Containing Two or More Zones.**

1. For parcels containing two or more zones (“split zoning”), the location of the zone boundary shall be determined by the Zoning Administrator.
2. For parcels containing two or more zones, the applicable regulations for each zone shall apply within the zone boundaries as identified on the Zoning Map.
3. For parcels containing two or more zones, if both zones permit a single family residence, only one residence shall be permitted per legal parcel.
4. When a zone boundary interferes with existing structures or setbacks, the Zoning Administrator may approve a minor adjustment of the boundary.

**F. Use Regulation Tables.** Use regulation tables in Part 2 (Zoning Districts, Land Uses and Development Standards) establish permitted land uses within each zone. Within each use regulation table, uses are categorized as agricultural; natural resource; residential; community; commercial; industrial; and transportation, communication and utility uses. All uses are defined in Article 12 (Glossary). Notations within these tables shall have the following meanings:

1. **Permitted Uses.** A “P” means that a use is permitted by right in the respective zone and is not subject to discretionary review and approval.
2. **Administratively Permitted Uses.** An “A” means that a use requires approval through an Administrative Permit.

3. **Conditionally Permitted Uses.** A “C” means that a use requires approval of a Conditional Use Permit. An “M” means that a use requires approval of a Minor Use Permit.
4. **Uses Not Allowed.** A “-” in a cell means that a use is not allowed in the respective zone.
5. **Applicable Regulations.** Standards in the Zoning Ordinance that apply to specific uses are identified in the column entitled “applicable regulations.” Standards referenced in the applicable regulations column apply in all zones unless otherwise expressly stated. These standards are identified because they are specifically related to the stated use. However, other sections of the Zoning Ordinance may apply, and it should not be interpreted that they are not applicable because they are not listed under the “applicable regulations” column.

#### 24-9 Procedures for Interpretation

**A. Request for Interpretation.** The Zoning Administrator shall respond in writing to written requests for interpretation of the Zoning Ordinance if, in the opinion of the Zoning Administrator, the requested interpretation would substantially clarify an ambiguity which interferes with the effective administration of the Zoning Ordinance. When the Zoning Administrator makes such a determination, the following procedures shall apply:

1. The request shall be in writing and shall state which provision is to be interpreted.
2. The request shall provide any information that the Zoning Administrator requires for a complete application and to assist in the review.
3. The Zoning Administrator shall respond to an interpretation request within 30 days of receiving the request.

**Deleted:** deems necessary to

**B. Form and Content of Interpretation.** Official interpretations prepared by the Zoning Administrator shall be in writing, and shall quote the provisions of the regulations that are being interpreted. The interpretation shall describe the circumstance that caused the need for the interpretation.

**C. Official Record of Interpretations.** An official electronic record of interpretations shall be kept and updated regularly by the Department of Development Services. The record of interpretations shall be indexed by the number of the section that is the subject of the interpretation and made available for public inspection during normal business hours.

**D. Referral to Planning Commission.** The Zoning Administrator may refer any request for interpretation of the Zoning Ordinance to the Planning Commission for review and interpretation.

**Comment [DCB1]:** Shouldn't we cross-reference Article 38?

Amend Table 24-183-1, p 231 to include appeal for all three that don't have appeals next to them. See Tim's document with notes.

**Sections:**

- 24-10 – Purpose
- 24-11 – Zones and Zoning Map

**24-10 Purpose**

This article identifies the zones that apply to property within the county and establishes the official Butte County Zoning Map.

**24-11 Zones and Zoning Map**

- A. Base Zones.** Butte County is divided into zones that implement the General Plan. The zones are shown in Table 24-11-1 (Base Zones).
- B. Rural and Urban Zones.** The Zoning Ordinance establishes varying standards and regulations that apply to rural and urban zones within the county. Distinguishing between rural and urban zones is intended to help preserve and enhance the rural character of the county and eliminate unnecessary and inappropriate regulations in rural areas. Table 24-11-1 (Base Zones) identifies the zones which are classified within the Zoning Ordinance as either rural or urban zones.

**D. Zoning Map.**

1. The Board of Supervisors hereby adopts the Butte County Zoning Map (“Zoning Map”), which establishes the boundaries of all base and overlay zones provided for in the Zoning Ordinance.
2. The Zoning Map, including all legends, symbols, notations, references and other information shown on the map, is incorporated by reference and made a part of the Zoning Ordinance.
3. The Zoning Map is kept, maintained and updated electronically by the Department of Development Services, and is available for viewing by the public at the Department of Development Services and on the official County website.
